League Representative Informational Guide

Thank you for choosing to work as league representative to the PSCA. Organizing the coaches in your league will assist the PSCA in assuring that the players and coaches in your league get recognized at the state and national level.

Please be aware that the deadline for leagues to report all information to the PSCA is November 1st of each year. This deadline is imposed so that the PSCA can meet the USC deadline. Meeting the USC deadlines ensures that our players and coaches have the opportunity to receive Regional and National honors. *It is important for you to contact coaches, hold all-star voting and get paper work to the PSCA before this date.*

Below is a checklist for items that are needed by the deadline. If you can't attend to these tasks, forward this material to another coach within your league and contact me with the change.

- 1. Collect Membership Dues- Membership is mailed by League Representative.**
Application Form is on-line. The League Representative may choose to use a spreadsheet and just list the coaches and the information on the application in your spreadsheet. You can use the same sheet each year and make changes if needed. Use the Summary Membership Form and send check(s) with applications or spreadsheet to:
Anthony Cavallaro 147 Rose Lane Matamoras, Pa 18336
Home: 570-840-5185 Email: ascavallaro@optonline.net

- 2. Select All-State Players(s) – Based on the Total Paid Head Coach PSCA Membership.** (See chart below). Head coaches or League Representatives must complete the All-State form **on-line**. To be considered for USC Regional All America or USC All America, the coach must complete the PSCA form by November 1st. *(Please note, a coach must be a USC member to have a Regional All-America or All-America Player. The coach may join the USC after the player is selected if not already a member. All PSCA All-State Players are eligible to be All-Region players.)*
